

Test Plan

Project Overview

Application Under Test (AUT): OpenCart Demo Site

Objective: Verify the functionality, usability, and reliability of core e-commerce features.

Scope

- Modules included:
 - User Authentication
 - Product Search and Filters
 - Shopping Cart
 - Checkout and Payment
- Non-functional testing: Usability testing.

Test Strategy

- Testing Type: Manual Testing
- Tools: Google Docs, Google Chrome
- Environment: Windows 11, Chrome v114.0

Testing Approach

1. Write test cases for all modules.
2. Execute test cases and record results.
3. Log bugs and retest after fixes.

Test Deliverables

- Test cases
- Bug reports
- Test summary report
